FUND DESCRIPTION

“The cornerstone themes of disruptive innovation”

Companies within this fund are expected to focus on scientific developments, improvements and advancements in genomics; artificial intelligence, including deep learning and cloud technology; autonomous technology in energy, automation and manufacturing, materials and transportation.

INVESTMENT OBJECTIVE

EARK is an actively managed ETF that seeks to achieve long-term growth of capital by investing primarily in global equity securities of companies that are focused on disruptive innovation. Disruptive Innovation is the introduction of technologically enabled new products or services that could potentially change the way the world works.

WHY INVEST IN EARK?

1. Exposure to innovation

Aims for thematic multi-cap exposure to innovation across sectors. ARK believes the securities held in EARK present the best risk-reward opportunities from ARK’s innovation based themes.

2. Growth potential

Aims to capture long-term growth with a low correlation of relative returns to traditional growth strategies and negative correlation to value strategies.

3. Tool for diversification

Offers a tool for diversification due to little overlap with traditional indices. It can be a complement to traditional value/growth strategies.

4. Grounded in research

Combines top-down and bottom-up research in its portfolio management to identify innovative companies and convergence across markets.

5. Cost-effective

Provides a lower-cost alternative to mutual funds with true active management in an Exchange Traded Fund (ETF) that invests in rapidly moving themes.
